Raising Funds.
Celebrating Life.

You can help...

Your tax-deductible contribution will directly enhance the life of a patient in North Florida who is actively receiving treatment for cancer or a blood-related disease. By helping them overcome financial burdens that their diagnosis and treatment may cause, patients can focus on getting better. There are several unique ways you can give back:

Memorialize a Loved One

Celebrate the memory of a loved one or honor their survival by making a donation in their name.

Make an Obituary Request

In lieu of flowers, request in the obituary that donations be made to the Patient Assistance Foundation of Cancer Specialists of North Florida.

Make a General Donation

Contribute to support your community and the patients struggling with daily living costs due to their unexpected diagnosis.

Please note that our foundation does not pay patient medical bills, copayments or credit card payments of any kind. No physician or staff member is eligible to receive any financial distributions from the foundation.

You can make a donation online by visiting www.pafcsnf.org

The Patient Assistance Foundation of Cancer Specialists of North Florida was established in 2004 as a critical part of our mission to serve the community in every way we can. With the support of physicians, staff and the community, we help ease the financial burden of patients undergoing treatments for cancer or blood-related diseases in North Florida.

Our short-term financial assistance may help cover expenses including:

Rent or mortgage

Utilities (water, sewer, electric)

Telephone (landline or mobile)

Transportation (car payments, car insurance, taxi fare)

Some retail pharmacy costs
